

a 59. An implant according to claim 56, wherein the extracellular matrix comprises a support for anchoring infected cells.

60. An implant according to claim 59, wherein the support comprises polytetrafluoroethylene fibres.

### REMARKS

Claims 1-28 have been cancelled and rewritten as new claims 29-60, in order to conform with US patent practice. Support for the new claims is found in the claims as originally filed, and in the Specification on page 2, lines 4-17 and page 5, lines 10-18. No new matter has been added.
